

## Yankee Chapter Youth Events

The Yankee Chapter would like to invite youth participants and their families to come and learn hands on how to train and hunt over versatile breeds. It is our hope to inspire and plant the seeds that will grow into our future conservationist and hunters. Please consider joining in the fun with our “Not So Normal” folks of the Yankee Chapter. (There will be live fire at many of these events requiring orange hats and vests. We have extra safety gear for you if needed.)
